

# New from BG

## Telephone, Data and Broadcast Product Range Extensions

With the introduction of the new range of Euro-modules, BG is now able to offer an extended range of communication outlets to our existing ranges

The new Euro-module range provides customers with a wide range of options to meet the requirements of modern installations.

To make the selection process easier BG has created finished product codes to enhance our existing range of wiring accessories.

***You select the product – we supply the kit of components***

Euro-Module

**For further options – please see our extensive range of Telecom, Data and Co-axial Euromodules**
